Online Solutions

Integra Insurance Services offers employers the ability to simultaneously communicate benefits to employees and stay environmentally conscious. Instead of printing out countless pages of insurance information, employees are able to view their benefits with the click of a mouse. This complimentary service is exclusively offered to Integra clients and available 24/7.

What is My iBenefits[®] ?

My iBenefits[®] is a password-secured, client-specific, online platform accessible to employees. Partnered with Integra Insurance Services, we provide clients a stage to communicate their benefit plan summaries.

This web-based company branded tool provides clear, accurate and consistent online benefit communication directly to your employees.

This system increases the efficiency of your Human Resource staff by removing them from the circular question/response loop for many inquiries.

How does this service work?

Integra provides clients with a user ID and password, leading the user to a webpage where client-specific plans and documents may be viewed through simple navigation. Documents are displayed in PDF format and may be printed at the user's discretion.

What type of documents are shared?

- Benefit program design information
- Online forms
- Carrier contact information
- Provider directories
